WV Governor's Early Intervention Interagency Coordinating Council Call for Applications

The West Virginia Governor's Early Intervention Interagency Coordinating Council (WVGEIICC) is currently seeking applications for new members. A prospective member must meet the criteria of a representative stakeholder group and share the Council's mission to ensure the WVGEIICC advises and assists the WV Birth to Three System to partner with families and caregivers to build upon their strengths through coordination, supports, and resources to enhance children's learning and development.

The Member application is located at [LINK](#). Applications are due by June 30, 2026.

The WVGEIICC is required by Federal regulations and State statute, charged to provide advice and assistance to the WV Department of Health regarding the implementation and evaluation of the WV Birth to Three System, as the State's system of early intervention services for infants and toddlers under Part C of the Individuals with Disabilities Education Act (IDEA). Council membership includes family members, providers of early intervention services, representatives from state legislature, personnel preparation, State agencies involved with the provision or, or payment for, early intervention services, members at large, and other members as selected by the Governor.

The Governor appoints Council members for a term of three years with appointments beginning in July, unless otherwise noted. The Council currently meets every other month, beginning in January, at various locations across the state. Members are expected to attend and participate in all meetings and select committee activities.

The WVGEIICC seeks nominations for representatives in all positions on an ongoing basis. Currently the Council has an immediate need for the following membership categories:

- One (1) parent of child who is or has received WV Birth to Three, child should be under the age of 12 and preferably under the age of 6
- Two (2) providers of WV Birth to Three supports
- One (1) Family Resource Network (FRN) representative
- One (1) Regional Administrative Unit (RAU) Coordinator
- One (1) Local Preschool Special Needs Teacher

Parent participation is crucial to the Council and the WV Birth to Three System. Parents are reimbursed for travel, lodging, meals, and child care expenses, in addition to receiving a stipend for each meeting attended. Other Council members also receive reimbursement for lodging, meals, and travel if not already provided through their respective agency/organization.

More information can be found on our website - <https://www.wveiicc.org/>. Applications received are reviewed by the Membership Committee of the Council and the WVGEIICC will forward recommendations to the Governor for appointment. Please return the completed application by email or US Mail to:
